

Final Essay

I would like you to look at one of the recent issues of **Nature**. Nature is a high prestige journal in which many astronomers like to publish their latest discoveries. Pick an article on astronomy which looks interesting to you and write an essay on it.

In science, the art is always to be able to present results concisely. Hence, there is a page limit on the essay.

1. **Page limit: 5 pages.**
2. Level: what you would feel comfortable presenting in class. Thus, assume that the reader knows everything that was covered in class. Your job is to present the results of the article at a level which builds on what was presented in class.
3. **Due date: Tuesday, Dec. 3 2019** in class.
